#### CIA RESUME - DAVID L. CHRIST

## October 1950 - January 1958

14-00000

## Deputy Chief, Applied Physics Branch.

Recruitment, development and supervision of up to 20 professionals - electronic engineers and physicists in research, development and engineering

Technical areas covered - electronics, acoustics, optics, electro-optics, magnetics, electromagnetics, solid-state physics.

Typical Programs: (Communications, etc.) RF systems, microphones, recorders, transmitters, receivers, camplifiers, control systems, signal processing and enhancement, radar systems, audio and video circuitry and devices.

## January 1953 - August 1963

Chief, Technical Applications Group.

Supervised 30 engineers and technicians.

Engineered, produced, tested and evaluated components, devices and systems such as listed above. Developed administrative, logistics, supply and training programs, and reliability procedures and programs to implement their effective application.

#### August 1963 - November 1970

Chief, Applied Physics Division

Recruited, developed and supervised professionals scientists and engineers, GS-12 to CS-15, one SPS-4, in advanced R&D programs.

## CIA Resume - David L. Christ---2

## 21 December 1970

MEMORANDUM FOR:	Mr. David L. Christ
THROUGH 1	Deputy Director for Science and Technology
THROUGH :	Director of Research and Development
SUBJEĊT :	Intelligence Medal of Merit

1. The Honor and Merit Awards Board is pleased to notify you that the award named above will be conferred on you in recognition of the excellent service you have rendered this Agency. Security considerations relevant to the award are explained in the attached memorandum from the Office of Security.

2. The award will be presented to you at a ceremony to be held in the near future. Members of your family, Agency associates, and intimate friends who are aware of your Agency affiliation may attend the ceremony.

3. Invitations to the ceremony will be extended by the Secretariat, Honor and Merit Awards Board, Office of Personnel, extension 3645. Please send to that office the names and phone numbers of the guests you would like to have invited, and indicate any dates on which you would not be available for such a ceremony.

Evaluation of Contract Management Institute Course

1. I attended the Contract Management Institute on 28 to 31 March 1967. Immediately after that course I submitted extensive comments to \_\_\_\_\_\_DD/S&T coordinator for the course, and I understand that those comments were included in the overall recommendations for future changes.

2. Since three and one-half months have transpired since completion of that course, details such as the names of speakers and subject material are a bit hazy but I will repeat my overall reaction to it for whatever benefit it might afford. The course material was good although it could have been oriented much more toward technical project managers rather than administrative officers, to the ultimate benefit of DD/S&T. Two of the speakers wore excellent; however, the third, who also was apparently Director of the Institute was very poor both with respect to his understanding of the material and his presentation. Dr. Xennedy of Notre Dame and the lawyor, whose name I do not recall, were excellent.

3. This was primarily a sales pitch for CPIF contracts. My personal impression was that U.S. Government contracting agencies have just about completed the circle of a great procurement fiased. In departing from fixed-price and CPFF contracts to CPIF's with various award arrangements, the contract negotiators were unable to really ever define cost and ended up invariably in giving away additional fees to the contractors for nothing received. Definitive costs were always a function of experienced and sound

technical investigation and management of a contract and whenever costs followed a nonlinear curve, most estimates became almost completely unpredictable. NASA and the DoD generally have, therefore, gone from CPIF types to CPAF-type contracts; the CPAF type ends up being simply another CPFF but with the contractor having the advantage in the establishment of an award fee and with the Government having no recourse to redetermination. My reaction was simply that the DoD experience simply reaffirms my own -- that for R&D there appears to be no good substitute for a well-managed CPFF-type arrangement.

#### MEMORANDUM FOR: David L. Christ

VIA : Chief, TES

1. The problem of effective management of the operational records of the Clandestine Services is one of our most important responsibilities. In this connection, you have been selected by your Division, and authorized by the Clandestine Services Records Committee, to act as Records Officer for your component. Your selection is based on your professional qualifications to carry out an assignment requiring experience, judgment, and a knowledge of the objectives of the Clandestine Services. A copy of this memorandum will be placed in your official personnel folder to record your appointment as Records Officer.

2. You are to act on behalf of your Division or Staff element in authorizing the destruction of material of no value to the Clandesting Services in accordance with criteria established for this purpose. You are empowered to authorize the destruction of documents and index cards recommended for destruction by other members of your Branch, and to destructive KAPOX and RYEAT material which is no longer sensitive or which has been restricted in error. Your signature will be recognized by RID as that of an officially appointed Records Officer.

3. At the meeting of 26 August 1958 , you were briefed on the details of your duties as Records Officer. It is now considered that you will be able fully to execute your duties as Records Officer and thus make a real contribution to the CS Records Management Program.

## SECRET

I am aware of the fact that the Contral Intelligence Agency, by reason of the sensitive nature of its work, must observe very strict security measures. I agree to hence the requests of CIA relative to my application whether it be accepted or rejected. I agree not to inform anyone that I am being considered for a position in CIA. If questioned directly, I will say that I have applied for positions in various governmont agencies, and if pressed for an answer will acknowledge that CIA is one of them but will attach no particular significance to such application. I agree not to disclose personnel procedures I have observed in CIA. I agree not to discuss by hame or otherwise, any individuals with whem I have talked in the course of my application to CIA.

## MEMORANDUM FOR: CLANDESTINE SERVICES CAREER SERVICE BOARD

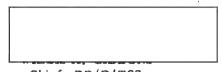

SUBJECT

4

## : Mr. David L. CHRIST - Promotion

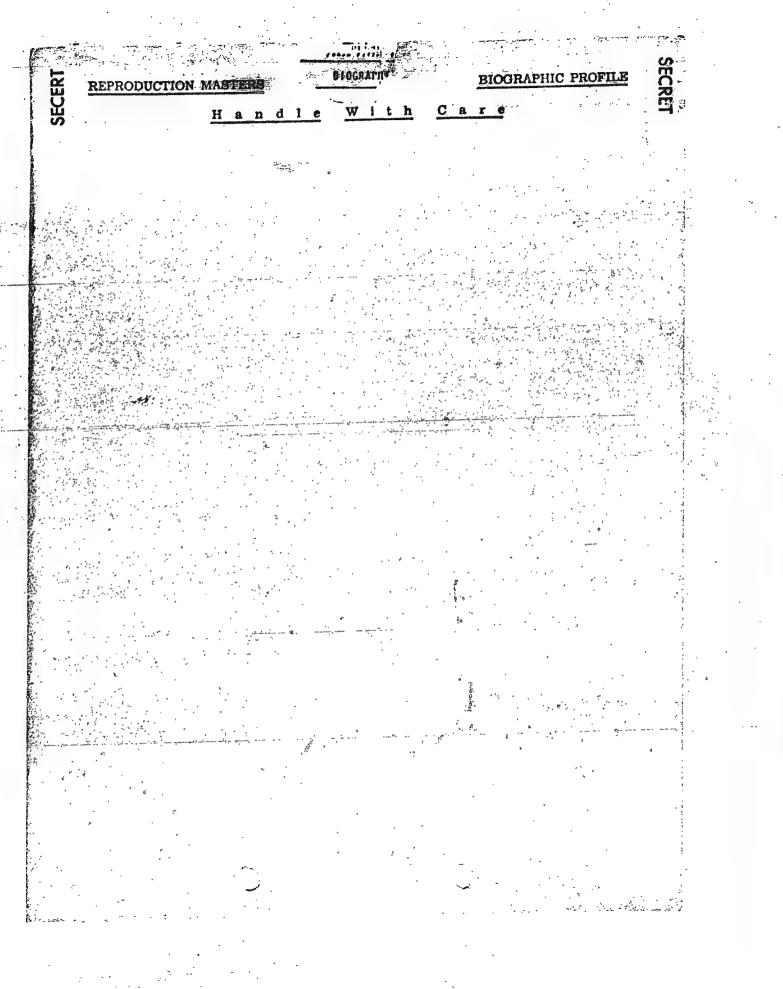

1. Mr. Christ, an electronics engineer, age 40, has been with the Technical Services Staff since his entrance on duty with the Agency in 1950. He received his B. E. E. from Pennsylvania State. He served as the Assistant Chief of the Applied Physics Division for approximately five years. In that capacity he demonstrated both a high technical competence and the ability to administer the many research programs initiated by the Applied Physics Division.

2. Mr. Christ was selected this past December to be the Chief of the Audio Support Division. It is believed that his technical ability and leadership will enhance the audio program in its world-wide activity. He is currently on an extended TDY in Europe and the Near East surveying audio needs and our capabilities to fulfill them.

SECTION C

Mr. Christ has been under my direct supervision for about six months, during a difficult period of growth, expansion, and change in the Office of Research and Development. During the process of reorganization of the Office, Mr. Christ has emerged as acting group leader of both the Radio-Physics and Audio-Physics areas of effort, which comprise about 40% of the effort in the Physical Sciences portion of the Office.

Considering his geographical location for the previous three years. Mr. Christhas done a remarkable job in organizing the Radio-Physics effort and in developing a new effort in Audio-Physics which promises to be one of the major programs in the Office. All of this required that he exercise considerable initiative and judgment in the delegation of responsibility for existing projects and in the formulation and organization of new projects with an extremely under-manned staff.

Mr. Christ was extremely imaginative, vigorous, enthusiastic, and responsive in the performance of these difficult assignments, and demonstrated very clear ability to manage programs and develop teamwork against these continuing and new objectives. In the development of the organizations necessary to implement these programs, Mr. Christ has demonstrated a high degree of cost consciousness by organizing personnel of the two groups so that with a limited staff they could operate in both programs, and by vigorously combing the country to locate the best contractors to implement the program and to seek advice as to appropriate sources for such procurement

SECTION E NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE Stress strengths and weaknesses demonstrated in current position. Indicate suggestions made to employee for improvement of his work. Give recommendations for his training. Describe, if appropriate, his potential for development and for assuming greater responsibilities. Amplity or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the best basis for determining forme personnel actions.

Mr. Christ is an excellent Chief of our Audio Support Division. He is a leader of men, is loyal to his superiors, and is technically professional in his work.

Mr. Christ has one short coming, which is not of his own making--he lacks field experience--only because his superiors have felt his services were more needed at Headquarters. It is some times hard for him to understand the operational aspects of things as outlined by his assistants. To his credit it must be said he realizes this lack of field experience and uses the advice of his men to best advantage.

As soon as feasable he should be assigned to a responsible position at one . of our overseas bases.

SECTION IV This section is provided as an aid in describing the individual. Your description is the fight or unlavorable in itself but acquires its meaning in relation to a particular job or assignant. The descriptive dided are to be interpreted literally. On the left hand side of the page below are a series of statedents that apply in gome degree to anst people. On the right hand side of the page are four wayor categories of descriptions. This will be used of the state-vided into three small blocks: this is to allow you to make fine distinctions if you so desared to the state-went on the left of the node is the category on the right which best tells hav such the state-ment on the left of the node is the category on the right which best tells have such the state-son you are rating. Placing an "X" in the "Not Observed" column means you have the definite opinion applies to an individual. Placing as "X" in the individual. That the description is not at all swited to the individual.

SUBJECT:

Recommendation for Quality Step Increase -David L. Christ

1. It is recommended that Mr. David L. Christ, Chief of the Applied Physics Division, Office of Research and Development, be granted a Quality Step Increase from CS-16, step 6, to CS-16, step 7.

2. Mr. Christ entered on duty with the Agency on 16 November 1950. He transferred to ORD from the DD/P as a GS-16 in September, 1963. During the past four and one-half years he has assumed increasing responsibilities and has expertly implemented and fulfilled the objectives for which his Division was formed in the early growth period of the Office. Although he has performed equally as well, and perhaps better than, many of his equivalent Division chiefs within the Office, the supergrade T.O. limitation within the Office has prevented a raise other than the Legislative pay raises.

3. Mr. Christ is considered to be a key individual in ORD. His energy, initiative, and enthusiasm in developing concepts and applying managerial talents make his services to this Office invaluable. In particular, his development of audio surveillance, micropowermicrotechnology, audio countermeasures, and emanations intelligence areas of effort within his Division make this Quality Step Increase long overdue, in my opinion.

#### MEMORANDUM FOR: David L. Christ

SUBJECT:

Notification of Membership in the Carcer Staff

1. On behalf of the Director of Central Intelligence, it gives me pleasure to inform you that your application for membership in the Career Staff has-been accepted by the CIA Selection Board. The effective date of your membership is 1 July 1954.

2. Please indicate that you have received this notification by signing in the space provided below and return it to the Head of your Career Service. He will forward it to the Executive Director of the CIA Selection Board.

3. Because your membership in the Career Staff is classified information, it is necessary that this notification be conveyed to you in this manner. The application for membership which you signed has been encorsed on behalf of the Director of Central Intelligence by the Executive Director of the CIA Selection Board and placed in your permanent Official Personnel Folder.

1. The Agency is currently revising the system for machine coding employee qualifications, thereby permitting more complete and accurate data on all personnel. The new system will aid in implementing Agency policies on promotion from within by facilitating the selection of personnel with desired education and experience for vacancies which may occur. It is also expected that the new system will provide readily accessible statistics for planning and management purposes.

2. The attached questionnaire is designed to cover adequately those factors in which the Agency is interested. Although the information is, in a large measure, already reflected in previous forms submitted by you, it is felt that your time within the organization may enable you to emphasize those qualifications pertinent to its needs. The questionnaire also serves to bring your education and qualifications record up to date.

3. Your cooperation is requested in completing the questionnaire as thoroughly and accurately as possible and returning it to your Administrative Officer within the time allotted.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Employees Division, Special Support Starf DATE: 9 November 1950 FROM : Chief, Inspection and Geourity Staff SUBJECT: CHRIST, David Lamar - 43872

> Reference is made to your memorandum dated 28 August 1950, which requested that Subject be granted provisional clearance to permit his immediate entry on duty. Subject is an applicant for a position as Electronics Engineer, GS-10, in OPC.

This is to advise that this office interposes no objection from a security standpoint to a temporary appointment of Subject to work on unclassified duties for the training staff, upon the condition that Subject (1) not have access to classified material, (2) not have access to CIA secure areas, (3) not be issued a CIA badge or credential, and (4) that he not represent himself in any official capacity as a CIA employee. The Subject may not be assigned to duty in any CIA staff or office without further authority from the Chief, Inspection and Security Staff.
